

The Timberjack Philosophy

For the Community - The M&M Timberjacks will represent the Marinette and Menominee area in such a way that the communities can be proud of their football team. A football team is only as strong as the communities that support it, and in that spirit the players and coaches of the Timberjacks will conduct themselves, both on and off the field, with dignity and respect. We will encourage our players and coaches to participate in volunteer activities at Spies Field and with a separate non-profit corporation that provides funds to Spies Field, local parks and recreation, as well as the YMCA. In return, the community will have a much higher respect and support for what we do as a team, both on the field and off.

For the Players - The M&M Timberjacks serve many purposes for the players that make up the team. First, we provide an excellent opportunity for recreation and becoming the object of our hometown pride. Second, we provide the opportunity to participate in a team sport to refine your abilities as a football player, perhaps making it to the next level. Third, we offer the opportunity to participate in something that you can be proud of, whether it be volunteer work that supports local parks and charities, or a sense of accomplishment when you execute the perfect play.

Our Short Term Goal – We hope to field a competitive football team that will represent the north very well in the WSFL. Our football team will consist of disciplined football players that execute plays and soundly perform the fundamentals of football. We will lay the foundation and set the bar high for future teams to represent the M&M area with the highest dignity and respect. We will begin a dynasty.

Our Long Term Goal – We envision the Timberjacks being a lasting fixture in the community. We foresee a long, rich history of players and coaches that go on to bigger and better things. We hope to build, year after year, toward being a more established, professional, and prestigious organization. We generally hope to improve the quality of life for anyone participating in Timberjack football, from the fans in the stands, to the players on the field, and to the coaches that help create a phenomenal product.

These are the goals set forth for this football team, and you may have noticed that there are no winning percentages included. At the end of the day, it is not about the final score, but how you have arrived at it. If we succeed in the goals of this football team, we will all be winners.

Your M&M Timberjacks Founders,
Shane and Jason King
